

Plumpton Parish Council

Minutes of New Pavilion Committee (NPC) held Wednesday 21 September 2011

Attendees: Clare Eastwood (Chairman)
Steve Hayman (Parish Councilor)
Ian Earle (User representative)
Kelvin Spiers (Village Action Plan)

Apologies: Oliver St John (Village Action Plan)

Clare had previously shared a Work to Date document for the purpose of Oliver and Steve and to keep as a record of work and agreements since project began.

It was agreed that we as a committee could not match the work that had previously been carried out by a local Architect for free. Before any further work was under taken a village consultation would need to take place. It was agreed that a short question and option paper would be drawn up by the committee

This would be communicated via the Parish Magazine, Pubs, Shops, Station, School, Mobile library.

An update would be provided to the Parish Council in the October meeting by Clare and Steve, with the consultation ideally to take place in November.

Actions: To produce questionnaire/options paper ideally before October 2011 (All)
