1 Plumpton College had not contacted NS regarding the survey. It was decided,because of the lack of response,that we should seek advice from other sources. KS agreed to contact George Martin (senr.)and TL agreed to give an independent report. PM will also contact Chris Bibbs who was involved with LDC parks.

2 The Playscheme shed had been purchased and would be erected in the agreed space in time for the summer sessions.

**5 User Reports**

a) Football No report

b) Cricket The club was just managing to field 2 teams every Saturday . They would welcome better commitment from members.

Junior cricket was popular on Monday evenings. They had just entered a team in an Under 9 Tournament at Glynde and won 2 of their 5 games.

c) Stoolball They were able to get teams out every week and were having some good games.

Regarding the Fun Day arranged for July 21<sup>st</sup> we would hope to continue with this event in spite of other events arranged in the village around this time. User Clubs represented at this meeting were willing to provide a team.

d) Activity Scheme No report

e) Junior Football SW asked for permission to purchase a display cabinet for trophies. This was agreed and if the cabinet was large enough for other Clubs to use they would be willing to contribute towards the cost. They were still looking for a second venue for next season which would start on September 7<sup>th</sup>.

f) Honeybees They had 38 on roll---16 would be leaving for school but 36 were already booked in to start in September. They now had 8 members of staff of which 3 were full time and also had bank staff .The intergenerational day had proved to be amazing and another day had been arranged for this month.

They held a behaviour management evening last night . They were filming activities from Easter to July ready for Graduation Day.

The woodland area and playpark had suffered a spate of vandalism recently. The Parish Council were considering having a CCTV camera installed to cover all areas around the pavilion.

Two of the playgroup children have very serious nut allergies so it was agreed that no peanuts should be sold or allowed in the Pavilion . JD would advise all hirers and notices will be put in the Pavilion.

g) Archery They had 60 members and were also welcoming some university persons for the summer. Regarding the new facility it was unclear whether the area was in fact owned by the Parish Council. KS,TL,and AH were convinced that this was the case remembering previous dealings. As the Clerk to the Parish Council had reported otherwise NS to get back to her with our comments.
