**Clare Eastwood**

### **Report**

The usual report for the Parish Magazine was prepared and published.

The overhaul of the website continues to make good progress and the new one is now live. Louise has been away for a short time, but work is ongoing.

The public meeting on the Core Strategy was published comprehensively through the placement of posters round the village, the insertion of flyers in the Parish Magazine and word of mouth. The attendance of over 200 people indicated that it was an effective operation.
