Paul Stevens
Chris Thompson

NOTES OF MEETING / ADVISORY NOTES TO LDC

Reference: SDNP/17/06047/HOUS

Location: The Laines, Plumpton lane, Plumpton BN7 3AJ

Proposal: Construction of a single-storey porch extension to the lower ground floor, partial demolition flat-roofed addition, internal alterations including the insertion of new openings to the south elevation, partial demolition of existing outbuilding and conversion/extension of retained portion to create a fitness suite, construction of detached garaging and removal of existing oil tank, and construction of new outbuilding adjacent to existing swimming pool

There were no declarations of interest

Decision: In views of the listed status of this property, the Council agreed to defer to LDC Planning Officers on its suitability. However, we would like to point out that the flat roof for the proposed fitness suite seems incongruous with the pitched rooves across the rest of the property.
