Lewes DC will be providing recycling bins in due course Avoid release if lanterns and helium balloons/ avoid use of balloons and single us plastic. JD to encourage hirers to use cutlery at village hall rather than disposable Priorotise/encourage events that support reuse/recycling i.e. jumble sales Suppliers to have an up to date environmental policy. JD to ask suppliers Support installation of bicycle racks. May be an option for CIL money? 6. Hirers Terms & Conditions JD asked if she could review the terms and conditions for hiring the village hall. It was agreed that she should update them and pass to CT to take a look at. JD/CT 7. Village Hall Income The income from the village hall so far this year is £21,000 against a predicted income of £28,000. JD thought that she had banked more than that, she would look at her month to month banking to check. JD has two more months to bank so should be fairly close to predicted income.		GM presented ideas for discussion:	
we renew heating. Lighting to be replaced with low energy options. Committee agreed to this option going forward Aspire to achieve a high heating/insulation rating. Committee need to take advice on how to find out what out rating is and if it would be possible to achieve a higher rating Cleaning products to be environmentally friendly (no bleach), use recycled toilet paper.
