Have your say on new local transport plan

A PUBLIC consultation has been launched asking local residents and businesses as well as the wider community to give their views on the draft Local Transport Plan for East Sussex.

This will be the fourth Local Transport Plan for the county and people have until February 25, 2024 to comment on the proposals.

The plan looks ahead until 2050 and sets out how East Sussex will connect people to places around and through the county by walking, wheeling and cycling, using public transport, traveling by car, or by new ways to travel.

Measures in the strategy include aiming to support the transport needs of both rural and urban communities in East Sussex, now and for future generations.

There are a number of ways people can participate in the thirteen-week consultation.

People who would like to take part online can view the consultation via the council's consultation hub at <https://consultation.eastsussex.gov.uk/economy-transport-environment/local-transport-plan-4-2024-2050>. A copy of the consultation can be requested by calling 0345 608 0190 or collected from libraries across East Sussex. Completed surveys can be returned by FREEPOST.
